30th Anniversary of 1st Radio Shift, 15 September 1992, WOW FM

The first hour and 20 minutes of this week's show is in celebration of 30 years since my first ever radio show this week. I've played the songs from the original show, plus the station imaging and sponsorship announcements. The sponsorship announcements were played purely for nostalgia purposes, with many of the businesses either no longer operating, or moved to new premises. All phone numbers quoted are now longer in use in the form presented.
